Most distinctive benefit of an Epworth education in Sabrina's view:

Strong academics are simply the entrance ticket to a great education. What I believe Epworth delivers is a safe and nurturing environment to grow and develop confidence be it on the sports field, the stage, in the chapel or the classroom.

Why Sabrina is choosing to pay it forward by donating to the Epworth Foundation ():**

Over the years, I have had the opportunity to hire many graduates. After sorting through the mountain of CV's I have the opportunity to interview 8 – 10 individuals who all have similar qualifications. How those candidates show up in their interviews, determines success in their application. I believe that an Epworth education is about more than just strong academics but about producing well-rounded, confident young women with the skills to stand out above the rest.

(**) The Epworth Foundation is the social impact arm, a registered non-profit organization (NPO)** and public benefit organization (PBO)**, designed to support the financial well-being of Epworth. Our school is a pioneer in social transformation and consistent deliverer of world-class education in South Africa for over a century. The Epworth Foundation consistently and committedly seeks funding to provide bursaries for talented and deserving high school girls who could not otherwise afford an Epworth education.
